RICK'S[®]
MOTORCYCLES

Rick's Stretched Hard Bag Sets for Touring Models 14-

Touring models 14- cases feature the same dimensions as the tailend: 4.0" extended downwards and about 1.5" stretched to the rear to continue the fender line – all of which can be used as storage space! The 2014 model year touring cases support the stock HD-covers, thus the fitting keys.

Arlen Ness Adjustable Handlebars

Design, function, and adjustability. The Arlen Ness modular series brings the concept of handlebars to a whole new level. These adjustable bars feature billet aluminum junction clamps that rotate towards or away from the rider to achieve their desired comfort needs. These bars also give endless custom finish options, and not to mention cutting internal wiring install time almost in half.

Features:

- All bars are drilled and slotted for internal wiring for cable or Fly By Wire applications.
- Drag bars bolt directly to 3-1/2" bolt centers for most HD models (except Bagger models)
- Bagger Apes and Mini Apes include 3 1/2" on center knurling to fit most HD applications
- Available in chrome and black for most HD models
